

NANDA International Guidelines for Copyright Permission

The materials presented in this book are copyrighted and all copyright laws apply. Situations requiring approvals and/or copyright fees are listed below:

1. An author or publishing house requests use of the entire nursing diagnosis taxonomy in a textbook or other nursing manual to be sold.
2. An author or publishing house requests use of only the list of nursing diagnoses with no definitions or defining characteristics.
3. An author or company requests use of the nursing diagnosis taxonomy in an audiovisual material.
4. A software developer or computer-based patient record vendor requests use of the nursing diagnosis taxonomy in a program.
5. A nursing school, researcher, professional organization, or healthcare organization requests use of the nursing diagnosis taxonomy in a program.
